

Researchers attribute the efficacy of **Neptune Krill Oil™ (NKO®)** to its unique structure. NKO includes omega-3 EPA and DHA bonded to phospholipids — not triglycerides — giving it 2.6 times greater bioavailability than fish oil.

A randomized, placebo-controlled human clinical trial found that NKO was significantly better than fish oil at maintaining cholesterol and triglyceride levels already within the normal range.* NKO was also shown to promote joint comfort and flexibility versus placebo in another human study.*

NKO® is a registered trademark of Neptune Technologies and Bioresources Inc.

This product is gluten-free.

*THESE STATEMENTS HAVE NOT BEEN EVALUATED BY THE FOOD & DRUG ADMINISTRATION. THIS PRODUCT IS NOT INTENDED TO DIAGNOSE, TREAT, CURE, OR PREVENT ANY DISEASE.

NKO original 100% pure Neptune Krill Oil is uniquely extracted, ecologically harvested from pure Antarctic krill, and produced in Canada.
