

Clinically Dosed BCAAs with Energy

MuscleTech® researchers have taken their most powerful amino acid formula ever and made it even better. AMINO BUILD® NEXT GEN ENERGIZED features micronized BCAAs, clinically dosed betaine and powerful cell volumizers, and is enhanced with naturally sourced, energy-boosting caffeine as well as coconut water and watermelon juice. Unlike inferior products that are underdosed with gimmicky amino acids and no studies to back up their claims, AMINO BUILD® NEXT GEN ENERGIZED is backed by 4 different clinical studies that demonstrate its muscle-, strength- and performance-enhancing abilities.*

Enhances Energy, Focus and Endurance with the First Dose

1Featuring energy-enhancing caffeine, AMINO BUILD® NEXT GEN ENERGIZED serves up an instant boost of energy, focus and intensity.* Plus, it delivers a 1g clinical dose of taurine (in 2 scoops), which has been shown to improve performance in endurance athletes.*

Balshaw et al., 2013, Amino Acids, 44(2):585-591.

Builds More Muscle Than Regular BCAA Formulas

2AMINO BUILD® NEXT GEN ENERGIZED features researched doses of many key ingredients that make it better than regular BCAA formulas. In fact, test subjects who supplemented with the exact dose of betaine in 2 scoops of AMINO BUILD® NEXT GEN ENERGIZED (2.5g) built 3.75 lbs. of lean muscle in 6 weeks compared to 0.66 lbs. by the placebo group. That's over 5.5 times the muscle gained (vs. the placebo). Betaine has also been shown in a separate study to enhance muscle endurance.*

Cholewa et al., 2013, Journal of the International Society of Sports Nutrition, 10(1): 39. Hoffman et al., 2009, Journal of the International Society of Sports Nutrition, 6:7.

Increase Strength by Over 40%

3AMINO BUILD® NEXT GEN ENERGIZED is precisely formulated with a 4g dose of L-leucine (in 2 scoops), shown in a clinical study to help subjects increase their 5-rep max strength by over 40%.*

Ispoglou et al., 2011, International Journal of Sports Physiology and Performance, 6(1): 38-50.

DIRECTIONS: Mix 1 scoop with 8 oz. of water and consume pre- and intra-workout. For full effects, mix 2 scoops with 16 oz. of water and consume during your workout. Read the entire label before use and follow directions provided.

If you want to add to your overall daily BCAA intake without the additional calories from drinking multiple protein shakes, you can also add 1 to 2 scoops to a jug of water and drink it over time.

WARNING: Not intended for use by persons under 18. Do not use if you are pregnant or nursing. Consult a medical doctor if you have a medical condition or before starting any diet or exercise program. **KEEP OUT OF REACH OF CHILDREN.**

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

Do not use if packaging has been tampered with. Store in a cool, dry place (60°F to 80°F).
