

Doctor-formulated, **Allerfin®** is a unique proprietary blend of the world's most researched natural ingredients for helping you feel your best, whatever the season. Unlike other products, which offer only partial relief, Allerfin is a holistic formula that targets three areas of the body: the sinuses, lungs, and eyes.*

1. Sinus Support*

Allerfin includes three ingredients shown in human clinical research to support the health of the nasal passageways*: Allerinol™, a proprietary extract of the Japanese herb *Perilla frutescens*, bromelain, an enzyme derived from pineapple, and nettles, an herb used in traditional European herbalism.

2. Lung Support*

Double-blind, placebo-controlled trials have shown that bromelain supports free and easy breathing.* This effect is likely due to bromelain's documented ability to support the health of the bronchial passageways.*

3. Eye Support*

Double-blind, placebo-controlled trials found that both Allerinol and quercetin support the health and comfort of the eyes in human subjects.*

*THESE STATEMENTS HAVE NOT BEEN EVALUATED BY THE FOOD & DRUG ADMINISTRATION. THIS PRODUCT IS NOT INTENDED TO DIAGNOSE, TREAT, CURE, OR PREVENT ANY DISEASE.

QUALITY OF LIFE®

SEASONAL
SUPPORT*
