

Directions: Stir or blend 2 scoops (60 grams) into 8–10 ounces of water or as directed by your healthcare practitioner. To increase sweetness, use less water. To decrease sweetness, add more water.

SlimFit® Chocolate is a delicious, all-natural blend of three of the highest quality whey protein concentrates and isolates from around the world: microfiltered, ion-exchanged and enzymatically hydrolyzed (partially predigested).^{*} This blend is 100% bioactive and contains naturally occurring immunoglobulins for added immune support.^{*} The specially processed whey protein in SlimFit® is designed to maximize amino acid absorption, biological value (BV) and net protein utilization (NPU).^{*}

SlimFit® Chocolate provides 26 grams of whey protein, which is considered to have the highest biological value of any protein source – superior in essential amino acid content as compared to beef, milk, casein or soy.^{*} SlimFit® contains Fibersol®-2, a high quality, GI friendly fiber to help reduce excess gas and bloating.^{*} Aminogen® has been added to help your body break down and absorb more amino acids from protein and is clinically proven to release 100% more plasma amino acids, 250% more branched-chain amino acids and boost nitrogen retention by 32%.^{*} Since SlimFit® has a very low glycemic index, it is suitable for many people who are on restricted diets.^{*} SlimFit® contains substantially more protein and half the sugar of other popular products, making it an ideal body composition and weight management functional food.^{*}

CAUTION: Keep out of reach of children.

STORAGE: Keep tightly closed in a cool, dry place.

CONTAINS NO: Wheat, gluten, yeast, artificial colors, sweeteners or preservatives.

NUMEDICA®
ACHIEVING PHYSIOLOGICAL BALANCE

Slimfit®

All Natural • No Artificial Ingredients

- **Whey Protein Isolate/Concentrate Blend**
- **High in Branched Chain Amino Acids**
- **Maximum Biological Value & Amino Acid Absorption**
- **Microfiltered, Ion-Exchanged and Enzymatically Hydrolyzed Whey**

Featuring Aminogen® and Fibersol®-2

DUTCH CHOCOLATE

Dietary Supplement / Professional Use Only
NET WT 29.8 OZ (846 g)

Typical Amino Acid Profile

Essential Amino Acids	mg per serving
L-Isoleucine	1,580
L-Leucine	3,114
L-Lysine	2,413
L-Methionine	605
L-Phenylalanine	920
L-Threonine	1,940
L-Tryptophan	497
L-Valine	1,498

Non-Essential Amino Acids

L-Alanine	2,054
L-Arginine	719
L-Aspartic Acid	3,010
L-Cysteine	496
L-Glutamic Acid	4,689
L-Glutamine	2,755
L-Glycine	2,633
L-Histidine	569
L-Proline	1,467
L-Serine	1,616
L-Taurine	675
L-Tyrosine	933

Ingredients: Whey Protein Blend (micro-filtered whey protein concentrate (providing 8-lactoglobulin, a-lactalbumin, immunoglobulins and serum albumin), ion-exchanged whey protein isolate (providing 8-lactoglobulin, a-lactalbumin, immunoglobulins and glycomacro peptides) and enzymatically hydrolyzed whey protein concentrate), Fibersol®-2, cocoa, natural flavors, Aminogen®, free-form L-glutamine, soy lecithin, xanthan gum and Stevia rebaudiana herbal extract.

Contains milk and soy derivatives.

Aminogen® is a registered trademark of Triarco Industries and is protected by U.S. Patent No. 5,387,422.

NuMedica® This Formula Meets or Exceeds cGMP Quality Standards.
