KENYAN GREEN TEA CRYSTALS

Naturally Packed with Polyphenols

This unit not labeled to be sold separately.

Responsibly sourced from a family farm.

This exquisite, non-GMO tea comes from Nandi County in Kenya's Rift Valley region. There, the cool climate and rich volcanic soil combine to create the perfect environment for *Camellia sinensis* (tea plant) cultivation. Once harvested, the tea is responsibly extracted using environmentally friendly PhytoClean™ technology.

For an unexpectedly rich and truly memorable experience, try **Kenyan Green Tea Crystals** — the world's finest tea.

DIRECTIONS
