KENYAN PURPLE TEA CRYSTALS

Naturally Packed with Polyphenols

This unit not labeled to be sold separately.

Responsibly sourced from a family farm.

This exquisite, non-GMO tea is grown in the higher altitudes of Nandi County in Kenya's Rift Valley region. There, the cool climate and rich volcanic soil combine to create the perfect environment for *Camellia sinensis* (tea plant) cultivation. Once harvested, the tea is responsibly extracted using environmentally friendly PhytoClean™ technology. For an unexpectedly rich and truly memorable experience, try **Kenyan Purple Tea Crystals** — the world's finest tea.

DIRECTIONS
