Keep in a cool, dry place.

CONTENTS SOLD BY WEIGHT, NOT VOLUME.

PROTEIN PURITY - TASTE THE DIFFERENCE.

ISOPURE INFUSIONS™ is not your typical milkshake-like protein powder. It is a refreshingly light fruit flavored experience that delivers the protein you want without all the unnecessary ingredients you don't. Give ISOPURE INFUSIONS™ a vigorous shake and watch 20 grams of 100% whey protein isolate infuse into a colorfully translucent, refreshing drink right before your eyes. And what you see is what you get: 5 ingredients, no fat or added sugars** and only 90 calories** per packet. No artificial flavors or colors and sweetened only with stevia leaf extract. Simple, powerful, and delicious.

**Not a low calorie food. See Nutrition Facts for sugar and calorie content.

Directions: Shake (don't stir) 1 packet of ISOPURE INFUSIONS™ in 10-12 fl oz of cold water (with or without ice). After shaking, wait about a minute for the natural foaming to settle and then watch as it gradually clarifies into a colorfully translucent and refreshing protein beverage.

Why Use: To support muscle building and recovery. To help meet your daily protein intake goals.

When to Use: First thing in the morning, before or after exercise, anytime.

Suggested Use: For healthy adults, consume enough protein to meet your daily protein requirement with a combination of high protein foods and protein supplements throughout the day as part of a balanced diet and exercise program.
