

PURE MUSCLE GAINS WITH THE POWER OF PEAK ATP® & OptiNOs®

Introducing new MuscleTech® Plasma Muscle™ – the most powerful pre-workout musclebuilder available! Featuring a unique formula exclusive to MuscleTech® that supplies PEAK ATP® and OptiNOs®, Plasma Muscle™ is the quintessential performance enhancer, with results validated from two leading human performance labs. Most musclebuilders on the market aren't backed by a single clinical study on their core ingredients – let alone two.*

BUILDS 8.8 LBS. OF LEAN MUSCLE & INCREASES MUSCLE THICKNESS

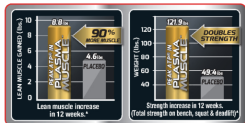

Based on gold-standard research from a leading university, hard-training subjects supplementing with the exact dose of PEAK ATP® found in Plasma Muscle™ gained 8.8 lbs. of lean muscle while the placebo group gained only 4.6 lbs. – that's 90% more muscle. In another part of the study, test subjects increased muscle thickness by 96% more than the increase for the placebo group!

DOUBLES STRENGTH & BOOSTS POWER BY 30% VERSUS PLACEBO

*The same subjects experienced an increase in strength that was 147% more than the strength increase achieved by the placebo group. Incredibly, the PEAK ATP® group also increased power by 30% more than the placebo group. All of the results were published in the peer-reviewed journal *Nutrition & Metabolism*.*

ENHANCES REPS, PUMPS & MUSCLE ENDURANCE

In a 7-week study conducted at a global human performance lab, hard-training subjects using OptiNOs® experienced a 4-times greater increase in the number of reps on the leg extension compared to the placebo group (6.8 vs. 1.3). New PEAK ATP® is also a powerful vasodilator, which increases blood flow for better pumps.

STACK WITH CLEAR MUSCLE® AND BUILD 18.7 LBS. OF MUSCLE IN 12 WEEKS*

SUBJECTS GAINED 3X MORE LEAN MUSCLE THAN WITH A PLACEBO (18.7 LBS. VS. 4.6 LBS.)*

SUBJECTS INCREASED STRENGTH BY 279% (211.6 LBS. VS. 55.8 LBS. TOTAL STRENGTH ON BENCH, SQUAT & DEADLIFT COMBINED)*
