

wellements®

Wellements Organic Baby Move relieves occasional constipation and promotes regular bowel movements.* Designed without the use of harsh laxatives, our organic prune and prebiotic formula is safe and gentle for infants and toddlers starting at six months.

We are proud to say our product requires refrigeration after opening because it is free from unnecessary preservatives – just the way nature designed and the way it should be for your little one!

Certified organic by Organic Certifiers US-ORG043

WARNINGS: Keep this and all supplements out of the reach of children. Do not exceed dosage. Do not give to child if they are allergic to any of the ingredients. Since infants and children have immature immune systems a possibility exists that a rare allergic reaction may occur. Always consult your health care provider prior to giving this or any supplement to an infant.

TAMPER EVIDENT:

Do not use if the safety seal is broken or missing.

wellements®

We are parents too! That's why we've created safe, high-quality products that are consistent with our belief that ingredients really do matter. The best part is, we use organic ingredients whenever possible, and leave out all of the unnecessary preservatives, dyes, chemicals and additives. You can rest easy knowing we've done the worrying for you because we know good products don't need bad ingredients.
