

## Saccharomyces boulardii

A probiotic, non-colonizing yeast species closely related to Brewer's yeast and not related to the yeast group to which *Candida* belongs. *Saccharomyces boulardii* is a transitory microorganism and is eliminated after supplementation is stopped.\*

### Suggested Use

As a dietary supplement, 1 to 3 capsules three times daily, preferably on an empty stomach, or as directed by a healthcare practitioner.

Variations in product color may occur.

\*This statement has not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.
