

These statements have not been evaluated by the Food and Drug Administration.
This product is not intended to diagnose, treat, cure or prevent any disease.

*Per serving at time of manufacturing

Directions As a maintenance dose, mix one scoop of Vibrant Flora into 8 ounces of water or your favorite beverage. Stir briskly until mixed. If you are pregnant, planning to become pregnant, breast feeding, taking any prescription medications or have a medical condition, consult your physician or healthcare professional before taking this product. Do not exceed recommended dosage.

Vitamin D3 Bowel problems often result in vitamin D malnutrition, raising the risk of poor bone health and exacerbation of autoimmune responses. We recommend at least 4,000 i.u. per day (or as recommended by your health professional) of supplemental vitamin D at meals containing some fat in addition to a daily serving of Vibrant Flora Improved Bowel Support.

Proper Care and Storage Vibrant Flora should be stored in your freezer (best) or refrigerator to preserve the probiotics once opened.
