

STORE IN A COOL, DRY PLACE.

Recommendations: As a dietary supplement, take 1 stick pack, sprinkled directly in the mouth, with a meal. Powder will require multiple mouthfuls. Take with a beverage. Powder can be mixed with food.

Warning: Vitamin K may be contraindicated with Coumadin (Warfarin). If you are pregnant or lactating, have any health condition or are taking any medication, particularly blood thinning medication, consult your health professional before use.

Keep out of the reach of children.

Osteo EasySticks Features

- Sprinkle directly in the mouth with no mixing needed
- Comprehensive profile of bioavailable vitamins, chelated minerals, collagen and herbal extracts
- Supports bone mineralization[‡]; reduces risk of osteoporosis^{**}
- Great-tasting apple cinnamon flavor

KoAct[®] is a trademark of AIDP, Inc.

[‡]This statement has not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

^{}Risk factors for osteoporosis include sex, race, age and inadequate calcium intake. Populations at highest risk for osteoporosis include Caucasian, Asian, postmenopausal women, and elderly women and men. Adequate calcium intake throughout life is linked to a reduced risk of osteoporosis, as calcium helps to optimize peak bone mass during adolescence and early adulthood in conjunction with exercise and healthy diet. Calcium intake greater than 2,000 mg per day has no further known benefit to bone health.**
