

ISOPURE INFUSIONS™ is not your typical milkshake-like protein powder. It is a refreshingly light fruit flavored experience that delivers the protein you want without all the unnecessary ingredients you don't. Give ISOPURE INFUSIONS™ a vigorous shake and watch 20 grams of 100% whey protein isolate infuse into a colorfully translucent, refreshing drink right before your eyes. And what you see is what you get: 5 ingredients, no fat or added sugars** and only 90 calories** per scoop. No artificial flavors or colors and sweetened only with stevia leaf extract. Simple, powerful, and delicious.

Fun Tip: Let your creative juices flow and create your own infusion. Combine different ISOPURE INFUSIONS™ flavors to create your own new flavor or boost your infusion with ISOPURE ANYTIME ENERGY™ or ISOPURE AMINOS™ for added performance benefits (visit theisopurecompany.com for more product information and recipes).

*The % Daily Value tells you how much a nutrient in a serving of food contributes to a daily diet. 2,000 calories a day is used for general nutrition advice.

Ingredients: Whey Protein Isolate, Natural Flavor, Citric Acid, Turmeric Extract (Color), Stevia Leaf Extract.

Contains: Milk. May Contain Soy.

Manufactured By: The Isopure Company, LLC, 3500 Lacey Road, Suite 1200, Downers Grove, IL 60515. Call us at 1-877-309-3329. Visit us at theisopurecompany.com.

Manufactured in the USA. This product contains ingredients of international and domestic origin.

Keep in a cool, dry place.

Directions: Shake (don't stir)
1 scoop of ISOPURE INFUSIONS® in 10-12 fl oz of cold water (with or without ice). After shaking, wait about a minute for the natural foaming to settle and then watch as it gradually clarifies into a refreshing protein beverage.

Why Use: To support muscle building and recovery. To help meet your daily protein intake goals.

When to Use: First thing in the morning, before or after exercise, anytime.

Suggested Use: For healthy adults, consume enough protein to meet your daily protein requirement with a combination of high protein foods and protein supplements throughout the day as part of a balanced diet and exercise program.
