for more information and to reorder.

DIRECTIONS: Mix one (1) scoop (5.6g) with 6-8 oz. of water or your favorite beverage. For best results, use before and after training and consume daily.

WARNING: Consult your healthcare provider prior to use if you are pregnant, nursing, taking any medication or have any medical conditions.

BodyTech's Instantized BCAA Powder provides a precise 2:1:1 ratio of the essential branched chain amino acids: L-Leucine, L-Isoleucine and L-Valine. During times of metabolic stress (such as high intensity resistance training), BCAAs may become fuel for your muscles, help aid in protein synthesis and prevent catabolism (protein breakdown). ▲

STORE IN A COOL, DRY PLACE.
