

Directions: Add one scoop to 5-6 ounces of water or beverage of your choice and stir, or as directed by your healthcare practitioner. After opening, keep refrigerated for maximum freshness.

Note: This formula has a full complement of vitamins and minerals and tastes best when mixed in 5 or 6 ounces of water.

Power Greens® Premium is NuMedica's state-of-the-art, great tasting greens and superfood drink mix. It is made from the highest quality, freshest fruits and vegetables available, specifically selected for their nutrient-rich properties and high ORAC value. This premium formula is loaded with energizing phyto-nutrients, certified organic whole foods and plant extracts, including pure spirulina, chlorella, certified organic goji, certified organic banana, broccoli and cauliflower. With this unique blend of great tasting superfoods, getting your fruits, vegetables, vitamins and minerals has never tasted so good!

What makes this a "premium" greens drink mix?

NuMedica® has added a full complement of vitamins and minerals, supplying at least 30% of the recommended daily value per serving in addition to all the naturally occurring nutrients found in the greens and superfoods blend. We have chosen active forms of B-vitamins, as well as the premium ingredients AlgaeCal® and BrocCollinate®. AlgaeCal® is a superior, certified organic, plant-derived whole food complex supplying natural calcium and minerals and BrocCollinate® is an extract from broccoli sprouts that has been heavily studied for its ability to aid Phase II detoxification and provide powerful antioxidant properties.* Power Greens® Premium contains a full spectrum, advanced adaptogenic herb blend designed to support the body's stress response and adrenal function.* The 5-MTHF in this formula, Quatrefolic® – is the most biologically active form of folate, allowing rapid uptake into the bloodstream.* The 5-MTHF in this formula is also known as the "L" form of 5-MTHF since it is the reduced form of folate.
