DIRECTIONS:

Adults, mix one (1) scoop (32.2 g) (1.13 oz.) with 1 cup (8 fl. oz.) (237 mL) of cold water or your favorite beverage to supplement your diet with protein. Stir briskly until dissolved. Do not exceed recommended dose. Pregnant or nursing women, do not exceed one serving daily. As a reminder, discuss the supplements and medications that you take with your health care providers. Use with a diet and daily exercise program.
