

BIOCHEM® Glutamine Pure is crafted for post-workout. Glutamine is the most abundant "free" form amino acid in the body, and is concentrated in muscle tissue.† Intense physical exercise uses up the body's reserves of glutamine. It is simply one of the most important sport-related nutrients.

- Tested for purity by pharmaceutical standards.
- Supports muscle tissue.†
- Supports the production of glutathione (an antioxidant) in the body.†

Take alone or enjoy with one of BIOCHEM® Proteins.
