No-Flush Niacin

Provides inositol hexanicotinate. Taken orally, the niacin releases slowly, thereby minimizing the likelihood of "niacin flush". Though chemically linked to inositol, the niacin in this formulation is highly bio-available.*

Suggested Use

As a dietary supplement, 1 capsule two or three times daily with meals, or as directed by a healthcare practitioner.

DO NOT TAKE LARGE AMOUNTS OF NIACIN (GREATER THAN 1.5 GRAMS PER DAY) WITHOUT FIRST CONSULTING A HEALTHCARE PRACTITIONER.

Keep in a cool, dry place, tightly capped.
