

Adrenal Cortex Natural Glandular

Provides tissue from the cortex portion of the adrenal gland. Our natural glandular material is derived from government-inspected, range-fed animals, raised in New Zealand and Australia, whose animal husbandry regulations are among the strictest in the world. The material is lyophilized, which means it is immediately frozen, then subjected to a high vacuum that vaporizes moisture directly from the solid state.

Formulated by Dr. Nicholas Gonzalez M.D.

Suggested Use

As a dietary supplement, 1 capsule daily with a meal, or as directed by a healthcare practitioner. Higher doses should be taken only under the guidance of a qualified healthcare practitioner.

Must be taken with food as GI distress may otherwise occur.
If GI distress occurs with food, discontinue use.
