

Formulated with 4 probiotic strains

Why take Probiotic Pearls™?

Stress, diet, travel and age are some of the things that disrupt the balance of healthy bacteria in your digestive tract. Taking just one Probiotic Pearls softgel a day helps maintain digestive balance* by providing active probiotic bacteria to:

- promote **digestive and colon health**.*
- protect against **occasional bloating, constipation and digestive discomfort**.*
- support your body's **immune health**.*

How do Probiotic Pearls provide "total" digestive balance?

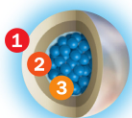

Probiotic Pearls softgels contain four probiotic strains to benefit both parts of the intestine:

- **Lactobacilli** strains for the small intestine*
- **Bifidobacteria** strains for the large intestine/colon*

What makes Probiotic Pearls unique?

Probiotic Pearls feature an advanced triple-layer softgel that protects the active probiotics inside from air, heat, moisture and stomach acid for maximum survival and delivery to the intestine.

Supplement Facts

Serving Size 1 Softgel

Amount per Serving	% DV
Proprietary Probiotic Blend providing 5 billion CFU	26 mg **
