

Endurox® R4® The drink that advanced the science of muscle recovery.

Developed by leading exercise physiologists Endurox® R4®, with its patented† ratio of carbohydrates to protein, is proven to speed muscle recovery and reduce muscle damage following exercise. No product can help your muscles rebuild and recover faster.

And, because different athletes have different recover needs, we've also created Endurox® Restore™, for exercise bouts lasting less than one hour. Both improved Endurox® R4® and Endurox® Restore™ contain the proven and patented science of the 4-1 carbohydrate to protein ratio.

Exercise Level	Recovery Product
High intensity exercise and exercise lasting MORE than one hour	Endurox® R4®
Exercise lasting LESS than one hour	Endurox® Restore™

Usage: Mix 2 scoops with 12 oz. of cold water. Take immediately after exercise.

For exercise lasting
MORE than one hour

Endurox® R4®

- RECOVER FASTER
- RECOVER BETTER
- COME BACK STRONGER

The Proven Science.

Endurox® R4®, with its patented† ratio of carbohydrate and protein (4-1) along with antioxidants, electrolytes and glutamine, is proven to help muscles:

Recover Faster

Replenishes muscle glycogen levels
128% more than a carbohydrate drink*

Carbohydrate/protein formula rebuilds muscle
protein 38% more than a protein drink*

Recover Better

Reduces post-exercise muscle damage
up to 36%*

Come Back Stronger

Extends endurance up to 55% in a
subsequent workout*

It's not just a ratio,
it's an advantage
