is daily supplementation simplified. These convenient, daily, portable power packs contain the top three supplements most highly recommended by health practitioners: a Multivitamin, a Probiotic, and an Omega-3 Fish Oil, now with added Vitamins D3 and B12. Trilogy delivers essential supplements to help you power through the day!

100% Plant-Based Multivitamin Made of annatto, guava, holy basil, lemon and amla water-based extracts. Organ-Her™ also includes iron from curry leaves, making it suitable and beneficial for women by supplying bioavailable iron. In your busy life, it can be nearly impossible to sustain a consistently nutritious and balanced diet. Give your body the nutrients it requires and deserves, in a highly absorbable plant-based multivitamin optimized for women.†

20 Billion CFU Probiotics from 12 Strains These specific strains are gastric acid resistant, bile tolerant, and help support populations of friendly bacteria. Good bacteria is essential for health because the more of it there is, the less bad bacteria remains. That means enhanced immune health and proper digestion. By assuring a healthy G.I. tract, your body is also prepped to absorb and utilize nutrients from your diet.†

100% Mercury Free Fish Oil From the purest waters in the world with lemon oil for no "Fish Burps", our 100% mercury free fish oil from anchovies, provides high quality Omega-3s, as well as Vitamins D3 and B12. The oil is molecularly distilled for purity and potency. Omega-3s help keep you at your best, by supporting many facets of health from your heart and brain to shiny hair and nails!†

Say "goodbye" to individual bottles of pills and "hello" to daily power packs!
