

Directions: Stir or blend 2 scoops (60 grams) into 12 ounces of water or juice or as directed by your healthcare practitioner.

ProGI Soothe™ is an easily digestible, hypoallergenic rice protein, providing whole body support including support for the intestinal tract, skin and joints.* Additionally, this formula provides comprehensive Phase II hepatic detoxification along with gastrointestinal restoration and elimination support.*

The specially processed rice protein in this formula provides a full complement of essential and nonessential amino acids, including the sulfur-containing amino acids cysteine and methionine.* Ellagic acid, watercress, and calcium-D-glucarate are involved in Phase II detoxification of xenobiotic compounds.*

N-Acetyl Cysteine is a valuable precursor to glutathione, which aids in hepatic function and detoxification pathways.* In addition, it also has the potential to bind heavy metals such as mercury and cadmium.* Methyl-sulfonyl-methane (MSM) is an excellent source of bioavailable sulfur, an essential micronutrient vital for healthy tissues.* The 5-MTHF in this formula – Quatrefolic® – is the most biologically active form of folate, allowing rapid uptake into the bloodstream.* The 5-MTHF in this formula is also known as the "L" form of 5-MTHF since it is the reduced form of folate. This formula is ideal for patients needing support for heavy metals, liver detoxification, GI health, immune health issues and gut villi issues.*

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

Caution: Keep out of reach of children.

Warning: If you are pregnant, nursing or taking any medications, consult your doctor before use. Discontinue use and consult your doctor if any adverse reactions occur.

Storage: Keep tightly closed in a cool, dry place.

This Formula Meets or Exceeds cGMP Quality Standards.

Does not contain artificial colors, sweeteners or preservatives.
