Microbial Enzymes	731 mg**
-------------------	----------

Proprietary Protease Blend providing

Tolerase® G Prolyl Endopeptidase	240,000 PPI
----------------------------------	-------------

Dipeptidyl Peptidase (DPP-IV) Activity	100,000 HUT
--	-------------

**Daily Value (DV) not established.

Other ingredients: hydroxypropyl methylcellulose (vegetable capsule), cellulose, calcium laurate, silicon dioxide

Recommendation: Take 1 or 2 capsules at the beginning of each meal or as recommended by your healthcare professional.

Caution: While Gluten Manager will reduce the level of reactive gliadin and gluten proteins in a meal, it is advised that celiac disease sufferers continue with their normal gluten exclusion diet as even small amounts of gliadin can cause adverse reactions in the most sensitized individuals. If pregnant, nursing or taking prescription drugs, consult your healthcare professional prior to use.
