

For Athlete Use Only

8 51780 00402 9

DO NOT USE BUILD-HD™ without first consulting your physician. This is an extremely POWERFUL Anabolic and Fullness Response Powder.

BUILD-HD™ is a Smart-based, Highly Effective, Creatine enhanced powdered formula aimed at increasing anabolic activity. This strong, concentrated formula utilizes NMDA-receptor activator, Aspartic Acid, in the L-isomer form (which is the only form directly incorporated as a proteinogenic building block of protein) ... L-Carnitine (as the bio-active Acetyl form which crosses the blood-barrier) and Ubiquinone (the energy carrier antioxidant form of CoQ10), as a direct means of promoting cellular activity, metabolism, and transport ... as well as both Glycerylphosphorylcholine and Phosphatidylcholine, for rapid delivery of Choline to the brain (to support upregulation of Acetylcholine, the neurotransmitter acting in both the PNS and CNS). **BUILD-HD™** is the only anabolic formula of this nature that utilizes the brain's function to enhance growth of this nature. This formula is a must have if you are looking to promote a stronger, bigger, and better looking physique.

Suggested Use: Take one (1) serving (1 scoop) blended into 8oz of ice cold water, either before, during, or after workout, or as directed by a qualified healthcare practitioner. On non-training days, take one (1) serving (1 scoop) first thing in the morning, on an empty stomach, or as directed by a qualified healthcare practitioner.

Warnings: Not intended for use by persons under age 18. Do not exceed recommended dose. Get the consent of a licensed physician before using this product, especially if you are taking medication, have a medical condition, you are pregnant, nursing or thinking about becoming pregnant. **KEEP THIS PRODUCT AND ALL SUPPLEMENTS OUT OF THE REACH OF CHILDREN.**
