Natural Clinician™ products are clinical grade formulations available only through your healthcare professional who has special knowledge in nutritional and nutraceutical sciences.

Directions: To be used as a dietary supplement. Ionic silver, in nano-particles, is nutritional support for body functions and it has been shown, in laboratory tests, to be a germicidal agent. In-vitro testing shows superior germicidal results to other equivalent colloids or hydrosol products.

Suggested Use: Drink one quarter (1/4) fluid ounce daily (approx. 7 dropperfuls).
