BLOX[™] — GROUNDBREAKING DISCOVERY!

SAA^s — the perfect protein that you've never heard of ...

What exactly are SAA^s?

SAA^s (Silk Amino Acids) are a remarkable and innovative Amino Acid Sequence just recently discovered by a bold team of scientists. You see, SAA^s are a chain of 18 plus particular amino acids — but, it's not so much the 18 that researchers found to be of greatest import ... it's five — yes, five — in a precise sequence and precise ratio that matter! And, when these five SAA^s are in this precise sequence and precise ratio ... it's like turning on football stadium lights in pitch black darkness!!!

The Exact Sequenced Composition And Precise Ratio for optimal pro-anabolic results![†]

SAA^s: Muscle, Stamina, Recovery^{*†}...
