Triphala

*Traditional herbs for
digestion and purification**

**Directions: 1 tablet, two to three times per day
or as directed by your health care practitioner.**

Savesta Triphala is the most pure and potent Triphala extract available. Active constituents known as tannins are thought responsible for many of its benefits. Typical Triphala products only contain 20% tannins. For maximum effectiveness this full spectrum extract is concentrated to 50%. Organic peppermint oil coating on the tablets provides soothing aroma and taste. Every batch is laboratory tested for potency and purity.

Caution: Not for use during pregnancy. If you are nursing or taking any prescription drugs, seek the advice of a health care practitioner before using this product. Keep out of reach of children.
