Dymatize Elite Mass is a powerful mass-gaining support formula designed for packing size on the hardest gainers and helping the hardcore recover from intense workouts. This potent formula helps deliver more calories and protein, gram for gram. Each serving delivers a massive 600 calories, with 55 grams of ultra high quality protein, plus Glutamine, Creatine Fusion, a Branch Chain Amino Acid Blend and a comprehensive vitamin and mineral blend with an anabolic lipid complex! All in each serving!*

Dymatize Elite Mass uses a special blend of cross-flow, microfiltered, cold-processed, ion-exchanged whey isolate and concentrate, calcium caseinate and egg proteins. This protein blend provides a superior amino acid profile, unobtainable bioavailability, is low in lactose and is 100% instantized for easy mixing without a blender. **Dymatize Elite Mass** also contains a sustained complex carbohydrate matrix with waxy maize, to help fuel and help support weight training. Fat, often times neglected by some, is a highly concentrated energy source (more than double that of protein or carbohydrates), and makes up an important part of **Dymatize Elite Mass**. Fat is a necessary component of all cell membranes, nerve covering, digestive secretions and most importantly, hormone production. Most of the fat in **Dymatize Elite Mass** actually imparts growth. For these reasons, an anabolic lipid complex is part of the **Dymatize Elite Mass** formula. Most of these fats are from Sunflower Oil, MCTs, Flax Seed Oil, Borage Oil and CLA. In addition, Creatine Fusion, Glutamine plus the BCAA Amino Acids (L-Leucine, Iso-Leucine and L-Valine) have been added to optimize each strength-training workout while a complete vitamin and mineral profile helps to insure your body gets the balanced nutrition it needs.*

Dymatize Elite Mass supplies you with the tools you need to pack on the pounds and develop the physique you've always wanted. Each serving of **Elite Mass** contains 600 mass building calories. For best results, combine with a sensible diet and an intense training program.*

Dymatize Elite Mass powder is prepared to ensure the highest potency, freshness and maximum nitrogen availability.*
