SURGE of Creatine, Nitric Oxide & Insane RUSH of Energy to PRIME Muscular GROWTH!

Dietary Supplement

Net Wt .64 lb (294g)

Juicy Watermelon

EXPERIENCE THE STRONGEST PRE-WORKOUT FORMULA IN SPORTS NUTRITION

Recommended Use: **On Training days:** For best results, stir ONE to TWO servings in 8 to 16oz of water. Consume 20 to 30 minutes prior to exercise, preferably 1 to 1.5 hours after your last meal for the quickest absorption. PreSurge Unleashed is a incredibly strong formula and we HIGHLY recommend to start with one serving to assess your tolerance and work your way up to two servings if needed. **Optional use on Non-Training days:** Taking PreSurge on non training days is optional but can help increase its benefits faster and increase your energy and focus throughout the day. To avoid building up a tolerance, we recommend discontinuing using PreSurge Unleashed every 12 weeks, for 2 to 4 weeks, before restarting to use it again for 12 weeks. **DO NOT exceed more than 3 servings at one time or in a 24 hour period and do not use more than 5 days a week.**

Supplement Facts

Serving Size: 1 Scoop (6.54g) Servings Per Container: 45

Amount per Serving	% DV*
Calories	10
