

The Pioneer of Intra-Workout Supplementation

Intra(During) + Anabolic(Muscle building) = IntrAbolic!

What makes taking nutrients Intra-Workout (DURING) so beneficial?

Exercise in itself causes our body's to increase blood flow to working muscles up to 500%, increasing amino acid delivery to skeletal muscle by 650%! At the same time, cellular sensitivity is increased, enabling our muscles to increase the rate of the absorption of substrates and fuel. When high concentrations of amino-acids are present in the blood stream DURING exercise, the anabolic response brought about by exercise is GREATLY increased! Furthermore, by taking IntrAbolic, you fight the catabolic (muscle breakdown) effects of exercise, boost recovery and delay muscular fatigue.

Exercise + IntrAbolic = TRUE Muscle Building SYNERGY!

- ✕ 9.5 Grams of amino-acids PER SERVING, including ALL the essential amino acids(EAAs) needed to build muscle
- ✕ Custom hydrolyzed whey protein, providing 70-80% Di-and Tripeptides for the most rapid delivery of amino acids.
- ✕ High In The Branch Chain Amino-Acids (BCAAs)
- ✕ Boost Recovery, Decrease Muscle Soreness
- ✕ Boost Endurance & Delay Muscular Fatigue
- ✕ ZERO SUGAR
- ✕ Stimulant FREE
- ✕ Mixes easily, NO blender needed

Manufactured in
a GMP facility.

**Zero Sugar,
Stimulant Free**

The Nutrient Timing Specialists®

IntrAbolic®

The Pioneer of Intra-Workout Supplementation

Peptide & Amino-Acid DURING Workout Supplement!

- Rapid Delivery of ALL The Essential Amino-acids (EAAs)*
- Boost Recovery, Decrease Muscle Soreness*
- High In The Branch Chain Amino-Acids (BCAAs)*
- Boost Endurance & Delay Muscular Fatigue*

Dietary Supplement
Net Wt. 1.2 lbs. (548g)

Blue Raspberry

The Pioneer of Intra-Workout Supplementation

Recommended Use: Mix 1-2 serving of IntrAbolic® in 14-20oz of water. Vigorously shake for 10-20 seconds. Allow the powder to fully dissolve (2-5 minutes). SLOWLY sip IntrAbolic® throughout your workout session.

Nutrient Timing Stacks: To learn how to properly stack our products and maximize your muscle building and performance results, please visit www.aenutrition.com and click on the Nutrient Timing Stacks tab.

USAGE WARNING: Some individuals may experience a prickling sensation due to the beta-alanine content. These effects usually subside after continued use. If the sensation continues, and you find it bothersome, simply reduce your dosage to a level where the sensation does not occur.
WARNING: Not for use by individuals under the age of 18. Do not use if pregnant, or nursing. Consult a physician or licensed qualified health care professional before using this product. Keep out of reach of children.

Proudly made in the USA.
