RONNIE'S WHEY...GO BIG OR GO HOME

A bodybuilder's diet revolves around one key element...PROTEIN! Being that I have over 20 years of experience in the highest competitive level of bodybuilding and the fact that I've won a record 8 Mr. Olympia titles, I know a thing or two about protein supplementation. PRO-ANTIUM™ has been designed with one purpose in mind: to provide you with the highest quality protein at the most concentrated level. If you're reading this paragraph it's probably because you realized that 29 grams of precision blended protein per scoop is pretty freaking serious! You might even notice 29 grams of protein is quite a bit more than the standard, well I'm not your standard bodybuilder and you're not looking for standard results! It's time that someone steps up to the plate and puts out a formula that offers extra protein to those that need it. Bodybuilders and fitness athletes need every gram of protein they can get and meeting those needs can get extremely expensive. Believe me, no one knows this better than me. PRO-ANTIUM™ has been built for these types of athletes.

As a world-class competitor, I can't expect athletes to take something I wouldn't take myself - 29 grams of the highest quality protein is my choice. PRO-ANTIUM™ is delicious, smooth, and most importantly...STRONG! Go with PRO-ANTIUM™: When every gram counts.

YEAH BUDDY!

RONNIE'S RULES

CAUTION - READ ENTIRE LABEL BEFORE CONSUMING!

DIRECTIONS:

Recommended Use for Males: Take 1-2 scoops with 4-6 oz. to 8-12 oz. of cold water or your favorite beverage. Use approximately 4-6 oz. of liquid per 1 scoop of powder. Vary the amount of your chosen liquid to acquire your desired flavor and consistency. Drink 1-4 servings daily, including after your workout to achieve your bodybuilding and fitness goals. To further increase protein intake and to create a milkshake-like consistency, try adding fat-free or low-fat milk in place of water.

Recommended Use for Females: Take 1 scoop with 4-6 oz. of cold water or your favorite beverage. Vary the amount of your chosen liquid to acquire your desired flavor and consistency. Drink 1-4 servings daily to aid in your varying fitness goals. To further increase protein intake and to create a milkshake-like consistency, try adding fat-free or low-fat milk in place of water.

Warnings: Before taking PRO-ANTIUM™ or any dietary supplement seek advice from your physician if you are unaware of your current health condition, have any pre-existing medical condition(s), taking any medication(s), planning any medical procedure, pregnant, nursing or contemplating pregnancy. Reduce or discontinue use if you have any adverse reactions such as but not limited to gastrointestinal irritation. PRO-ANTIUM™ is only intended to be used by healthy adults 18 years of age and older. Keep out of reach of children and pets.
