

Physiological Function: Rapid ATP Resynthesis, CNS Stimulator, Increases Whole Body Creatine Retention & Intramuscular Carnosine, pH Stabilizer/Fatigue Inhibitor, Blood-Engorging Muscle Matrix, Explosive Power & Intense Energy! Myogenic Regulatory Factor (MRF) Igniter!† **FRICTION®** is currently the only product in the world to contain VPX's Patent Pending Covalently Bonded Creatine/Leucine Peptide!

FRICTION® induces extreme mental acuity and intense energy required for explosive workouts in the gym and on the field. Increases in Myogenic Regulatory Factors up to 515% are proven by a study conducted at Baylor University on VPX's NO-Shotgun.† This same foundational University Proven Science has been used to develop the (cutting-edge) **FRICTION®** formula. **FRICTION®** is intended for advanced athletes who seek to increase and/or break personal or competitive performance goals. Utilize **FRICTION®** with caution. While similar products may require 3 scoops, it is forbidden to use more than one scoop of **FRICTION®** due to its extreme potency.

Tested athletes are advised to contact their governing organization prior to using this product. Tested athletes and consumers assume total liability if this product is used in a manner inconsistent with the label guidelines. Do not purchase if safety seal is broken or missing. Store container between 15°C to 25°C (59°F to 77°F). Product contains heat and moisture sensitive materials which can cause clumping and settling. **SHAKE WELL BEFORE OPENING.**

*WARNING: NOT FOR USE BY INDIVIDUALS UNDER THE AGE OF 18 YEARS. DO NOT USE IF PREGNANT OR NURSING. Consult a physician or licensed qualified health care professional before using this product if you have, or have a family history of heart disease, thyroid disease, diabetes, high blood pressure, depression or other psychiatric condition, glaucoma, difficulty in urinating, prostate enlargement, or seizure disorder, or if you are using a monoamine oxidase inhibitor (MAOI) or any other dietary supplement, prescription drug, or over-the-counter drug containing ephedrine, pseudoephedrine, or phenylpropanolamine (ingredients found in certain allergy, asthma, cough or cold, and weight control products). Do not exceed recommended serving. Exceeding recommended serving may cause adverse health effects. Discontinue use and call a physician or licensed qualified health care professional immediately if you experience rapid heartbeat, dizziness, severe headache, shortness of breath or other similar symptoms. Individuals who are sensitive to the effects of caffeine or have a medical condition should consult a licensed health care professional before consuming this product. Do not use this product if you are more than 15 pounds overweight. The consumer assumes total liability if this product is used in a manner inconsistent with label guidelines. Do not use for weight reduction. This product is intended for use by healthy individuals only. Do not use this product if you are pregnant or nursing or have any medical condition. **KEEP OUT OF REACH OF CHILDREN.** Too much caffeine may cause nervousness, irritability, sleeplessness and occasionally rapid heartbeat. Not recommended for use by children under 18 years of age. One serving of Friction® provides 400 mg of caffeine which is more than three cups of coffee.

VPXSPORTS.COM

RECOMMENDED USE: Do not use FRICTION® with REDLINE®, MELTDOWN® or any other products and/or beverages that contain caffeine or other forms of stimulants. Start with 1/2 to 2/3 scoop to assess tolerance. Mix One (1) level scoop of FRICTION® with 8 ounces of water or your favorite non-caffeinated beverage. Unlike other supplements in this category, FRICTION® is very powerful and requires only one (1) scoop. Always consume at least 1/2 ounce of water for every pound of body weight. Example: 160 pound person would drink 80 ounces of water per day.
