

Clinically proven blend of thermogenic compounds which may help you increase the body's metabolic rate and energy and promote loss of weight and body fat. Our advanced formula will make your energy levels explode and help your burn fat. This product is free of ephedrine -group alkaloids and is naturally safe and effective. **XNR-Burn™** intensifies your bodies ability to burn fat and lose weight rapidly.

Warnings: Do not take more than 4 tablets in an eight hour period. A standard serving of this product contains about 300mg of total methylxanthines (including caffeine), which is the amount typically found in a 10 oz. cup of coffee. Too much caffeine may cause nervousness, irritability, sleeplessness, or occasionally, rapid heartbeat in some individuals. This product also contains theobromine and theophyllin, methylxanthines related to caffeine. Individuals who are sensitive to caffeine may also experience sensitivity to these methylxanthines. Consult your physician prior to using theophyllin if you are using asthma medications.
