Other ingredients: Microcrystalline cellulose, hydroxypropyl methyl-cellulose, vegetable cellulose, stearic acid, di-calcium phosphate, magnesium stearate and pharmaceutical glaze.

Nature's Plus Ultra Lipoic[™] Mini-Tabs delivers 500 mg of alpha lipoic acid, and an additional 100 mg of R-lipoic acid for total body antioxidant, anti-aging nutritional support. Alpha lipoic acid is the premier rejuvenating antioxidant for the widest range of tissues. Proven effective in "high-energy" tissues like the heart, brain, kidneys, nerves and muscles, as well as in "low-energy" tissues, such as blood cells, connective tissues and endothelium, alpha lipoic acid is a well-rounded whole-body antioxidant.*

But Nature's Plus takes lipoic acid supplementation to a whole new level with an additional 100 mg of R-lipoic acid for even greater support of high-energy tissues. Cells that need more energy make far better use of R-lipoic than any other form. R-lipoic is the form that targets free radicals in those tissues (heart, brain, kidneys, nerves and muscles), helping them function more cleanly and efficiently. The extra 100 mg of R-lipoic antioxidant power in **Nature's Plus Ultra Lipoic[™] Mini-Tabs** yields an unmistakable sensation of vitality that no other lipoic acid supplement can match.*

For even greater synergistic activity, **Nature's Plus Ultra Lipoic Mini-Tabs** further supplies *Lactobacillus acidophilus* and other helpful probiotics, as well as time-honored, standardized botanical extracts and proprietary full spectrum whole food blends. Revolutionary bi-layered delivery provides rapid and extended lipoic acid support for total health.*

Nature's Plus Ultra Lipoic Mini-Tabs is your complete, energizing, rejuvenating antioxidant and anti-aging lipoic acid supplement!*
