

Garlic (*Allium sativum* L.) cloves contain alliin, and an enzyme called allinase which converts the alliin to allicin when the clove is bruised or digested. Alliin and allicin are sulfur-containing compounds. This extract is standardized at 1% total allicin potential.

Suggested Usage: As a dietary supplement, adults take 1 tablet daily between meals, or as advised by your health care professional. If digestive irritation occurs, take with meals. Stop use and consult your health care professional if allergic reactions occur.

Keep out of reach of children.

Store in a cool, dry place. Tamper resistant package, do not use if outer seal is missing.
