

SECRETAGOGUE-ONE™

HUMAN GROWTH FACTORS AND IGF-1 PRECURSORS*

Developed by leading research scientists and biochemists, Secretagogue-One™ addresses issues of vital importance for health, wellness and physical performance. Secretagogue-One is a proprietary blend of amino acids and precursor nutrients that enhance the body's natural production of Human Growth Factors and Insulin-like Growth Factor-1 (IGF-1). Increased Human Growth Factors and IGF-1 levels have been shown to improve physical performance, speed recovery from training, increase cardiac output and strengthen the immune system.*

This product is extremely sensitive to heat due to the nature and complexity of compounds it contains.
