Our Standardized Ginkgo Biloba Extract is manufactured by a phytopharmaceutical company under strict quality control standards without the use of harsh solvents. Like all Japanese and European herbal extracts, the extraction of our Ginkgo Biloba is regulated according to quality standards that exceed regulatory standards in the U.S. Along with flavoneglycosides and terpene lactones, our ginkgo provides 0.8% Ginkgolide B and other Ginkgolide and Bilobalide constituents in their synergistic ratios.
