

Licorice Root (*Glycyrrhiza glabra* L.) contains a glycoside (glycyrrhizin), flavonoids, asparagine, isoflavonoids, chalcones and coumarins. Deglycyrrhized licorice is safe for people who have or are susceptible to high blood pressure. This extract is standardized at 2% glycyrrhizin.

Suggested Usage: As a dietary supplement, adults take 1 capsule twice daily between meals, or as advised by your health care professional. If digestive irritation occurs, take with meals. Stop use and consult your health care professional if allergic reactions occur.

Caution: If you are pregnant or nursing, have a history of renal failure or are currently using cardiac glycosides, consult your health care professional before using this product.

Keep out of reach of children. Store in a cool, dry place. Tamper resistant package, do not use if outer seal is missing.
