FUEL YOUR HARDWORKING MUSCLES, FAST

Super Sport contains very low fat and carbohydrates to deliver a fast-absorbing protein base to meet any goal. Super Sport has been formulated with Hydrolyzed Whey Protein Isolates to create the fastest acting protein available. Hydrolyzing the protein dramatically increases absorption rate and ability, meaning you get more muscle building power out of each and every scoop.

UNCOMPROMISED PERFORMANCE

Like the infamous American muscle cars, Cellucor Super Sport was designed with one clear objective in mind—High Performance. Super Sport combines the highest quality ultra clean whey protein isolates and hydrolysates along with Glutamine and BCAAs to expedite muscle growth and recovery.

UNMATCHED FORMULATION

Super Sport contains no saturated fat and just 1 gram of total fat making it very lean. It is also extremely low in sodium content, cholesterol content and total carbohydrates. What's more, Super Sport boasts 30G of great tasting, muscle building protein per serving—that's the equivalent of a 5oz. piece of Chicken Breast! You may also be excited to know that Super Sport is Gluten and Yeast FREE.

DIRECTIONS

Mix 1 scoop with 5-6 fl. oz. of water. For best taste and additional protein, substitute with 5-6 fl. oz. of low-fat milk.

WARNING:

Consult a physician prior to using this product. Store in a cool, dry place away from children.
