

## Modified Citrus Pectin

Modified citrus pectin is prepared by a proprietary process, which reduces the molecular weight of the pectin molecule. Average molecular weight: 30kD; pH: 6.0-7.2; Methoxylation: not more than 5%.

## Suggested Use

As a dietary supplement, 3 capsules one or two times daily, or as directed by a healthcare practitioner.

**CAUTION:** Those on a sodium-restricted diet should consult their healthcare practitioner before use.

Variations in product color may occur. Keep in a cool, dry place, tightly capped.

Not labeled for sale in California.
