Cardia 7
The Heartier Omega

Cardia 7™ is the result of years of scientific research to develop a pharmaceutical grade Omega 7 product with the intent to raise HDL ("good") cholesterol levels. 100% natural Provinal™, the active Omega 7 ingredient in Cardia 7, has shown the potential in clinical studies to raise "good" cholesterol levels without the flushing associated with Niacin. Combining a healthy diet, exercise and Cardia 7 capsules are great steps in your efforts for a healthy heart.
