

SUGGESTED USE:** Take 1-2 scoops with 6-8 ounces of cold water or your favorite beverage. For best results, take with **SNI** Pro Whey™ immediately after workouts.

WHAT ARE BCAA'S?

Leucine, Isoleucine and Valine are referred to as Branch Chain Amino Acids (BCAA) and are a part of the Essential Amino Acid family. BCAA's are important for muscle recuperation, muscle energy and muscle growth.**

HOW DOES BCAA BLAST™ WORK?

BCAA's can not be produced by the body and must be supplied through your diet. BCAA's enter your bloodstream and attach directly to muscle where they repair damaged muscle tissue. This process helps ensure maximum muscle recovery and growth!**

WHAT ELSE DOES BCAA BLAST™ CONTAIN?

BCAA Blast™ contains Glutamine Ethyl Ester HCL, an amino acid that delivers muscles with the necessary proteins required to recover from excessive training. BCAA BLAST™ also contains Vitamin C, Vitamin B6 and Bioperine®. This combination of Vitamins aid in bioavailability, while Bioperine® ensures maximum absorption of the primary BCAA ingredients.**

WARNING: Consult a physician before using this product. Keep out of the reach of children. Store in a dry place 15° – 30° C (59°-86° F). DO NOT USE IF TAMPER-EVIDENT SEAL IS BROKEN.
