Directions: As a dietary supplement, mix 1 scoop of MrHyde™ with 235ml of cold water. Consume 15 to 30 minutes before exercise. Do not consume MrHyde™ within 4 hours prior to bedtime. Do not take any other products that contain caffeine or any other stimulants while taking MrHyde™.

Warning: Not for use by individuals under the age of 18 years. Do not use if pregnant or nursing. Consult a physician or licensed qualified health care professional before using this product if you have, or have a family history of heart disease, thyroid disease, diabetes, high blood pressure, depression or other psychiatric condition, glaucoma, difficulty in urinating, prostate enlargement, or seizure disorder. Do not exceed recommended serving. Exceeding recommended serving may cause adverse health effects. Discontinue use and call a physician or licensed qualified health care professional immediately if you experience rapid heartbeat, dizziness, severe headache, shortness of breath or other similar symptoms. Individuals who are sensitive to the effects of caffeine or have a medical condition should consult a licensed health care professional before consuming this product. Do not use this product if you are more than 7kg overweight. The consumer assumes total liability if this product is used in a manner inconsistent with label guidelines. Do not use for weight reduction. This product is intended for use by healthy individuals only. Keep out of reach of children. Too much caffeine may cause nervousness, irritability, sleeplessness and occasionally rapid heartbeat.
