

Our cells undergo daily damage by free radicals produced in the body. To counter this, one needs an adequate supply of antioxidant nutrients. Our **ALA-ORAC+** formula provides a powerful mix of antioxidants including Hi-ORAC fruit and Hi-ORAC vegetable blends that is equivalent to 2 servings of fruits plus 2 servings of vegetables. Alpha Lipoic Acid provides a barrier of protection both within the cell and on the cell's surface, as it is both water and fat soluble. Lemon Bioflavonoid Complex complements the formula by adding natural flavones found in citrus fruits such as hesperidin, bioocitrin and naringenin.
