

DIRECTIONS: Take 2 capsules twice daily or as directed by your healthcare practitioner.

Gamma Globulin Plus represents a breakthrough in immunoglobulin supplementation. It is a highly concentrated, non-dairy source of serum-derived immunoglobulin antibodies and immuno-proteins. It possesses 3 times more IgG and total immunoglobulins than colostrum and has twice as much cysteine, an important amino acid for maintaining glutathione levels. **Gamma Globulin Plus** delivers 15 times the level of transferrin and lactoferrin than colostrum alone and one therapeutic dose of **Gamma Globulin Plus** supplies over 2000 mg of IgG. Now available in convenient, easy to swallow vegetable capsules, so that the recommended maintenance dosing of 2500 mg of immunoglobulin concentrate can be sustained - For therapeutic dosing, 8 capsules may be administered daily.*
