| Hyaluronic Acid (as Sodium Hyaluronate) | 5 mg | * |
|-----------------------------------------|------|---|

\* Daily Value not established.

**Other Ingredients:** Dicalcium Phosphate, Cellulose, Titanium Dioxide, Vegetable Acetoglycerides, Sodium Copper Chlorophyllin.

**WARNING:** Consult your physician prior to using this product if you are pregnant, nursing, taking medication, or have a medical condition. Discontinue use two weeks prior to surgery.

†In a 30 day, randomized, double-blind, placebo-controlled study of 67 adults, subjects taking 50 mg/day of AprèsFlex® twice daily experienced a statistically significant difference in mean improvements from baseline for joint comfort, stiffness and function as measured by WOMAC that was 7, 5, and 43 times greater in the AprèsFlex® group than placebo, respectively, after 30 days. Statistically significant improvements were seen as early as 5 days.

^In a 12 week, multi-center, randomized, double-blind, placebo-controlled study of 60 adults, subjects taking 250 mg/day of the GNC TriFlex™ Fast-Acting Mobility Blend showed statistically significant improvements in measures of joint function and joint flexibility within 30 days compared to subjects on placebo.
