

New ERGOCAPS™ enable greater muscular work and performance, while curbing muscle fatigue and damage. During workouts, ERGOCAPS help strengthen age-old (yet newly discovered) fatigue weak links, increasing performance potential to 25%. Post workout, reduced ROS damage translates into less muscle damage and soreness. Plus, ERGOCAPS help you breathe easier.

DIRECTIONS: Take 2-3 capsules 45 min. prior to workout. On non-workout days, take 1 capsule with 2-3 meals.
