Supplement Facts

Serving Size: 1 Capsule

	Amount Per Serving	% DV
Vitamin C (from rose hips extract 4:1)	5 mg.	8%
Vitamin E (as d-alpha tocopheryl succinate)	400 i.u.	1,333%
Rose hips extract 4:1	100 mg.	*
Lipase enzyme	25 mg.	*

*Daily Value Not Established

Other Ingredients: Gelatin (capsules), (May contain one or more of the following; rice powder, magnesium stearate and silica).

D-alpha tocopheryl succinate is a very stable form of natural Vitamin E made by reacting d-alpha tocopherol with succinic acid.

Rose hips extract helps to improve absorption by speeding the dispersion of the capsule contents. Vitamin C from rose hips extract provides antioxidant protection for Vitamin E. And lipase enzyme transforms d-alpha tocopheryl succinate into d-alpha tocopherol during the digestive process.
