n-fuzed **Candida**

Is a revolutionary product that infuses the essence of Candida albicans into the crystalline structure of water. Using the same principle as "*like treats like*", **n-fuzed Candida** assists the body's immune system to remove systemic Candida from the blood and soft tissues while it helps restore its natural balance in the colonic tract.* In fact, independent laboratory studies confirm that **n-fuzed Candida** inhibits Candida in vitro in just 3 days. A safe and holistic solution.
